Pine River Inc.

NAICS CODES:
321992 Prefabricated Wood Building Manufacturer
423310 Lumber, Plywood, Millwork and Wood Panel
423330 Roofing, Siding and Insulation Material
444190 Other Building Material

Pine River Inc. manufactures insulated wood sidings, which are engineered to make sensible use of our natural resources, address the high cost and limited supply of the earth's energy fuels, and are compatible with the 21st century "green" building techniques and siding material advancements. These "e" Siding Systems require no face screws and the design prevents warping, shrinking or twisting.

e-log is an energy efficient alternative to a full log home that provides an authentic log home look.

e-timber is an Appalachian style siding available with 'chink paint'.

e-lap is an overlap siding providing durability in high winds.

e-shingle is scored in a random pattern to simulate the arbitrary fashion of individual wood shingles.

NEW

e-batten is the e-timber product mounted vertically with a batten strip attached.

Many accessories such as stairways, railings, rafters, saddlenotch corners, trim and light blocks are also available.
